

Nestable Fish trays

Reusable trays

Field of application	For chilled and frozen fishery products
storage conditions	suitable for cold store until –15 °C or 5 °F. Maximum temperature is day temperature without artificial heating. suitable for outdoor application nested when empty stacked when filled
transport conditions	wrapping to avoid tumbling Wrapping and/or strapping for normal road transport. Extra stabilization for overseas transport on request.
materials	
composition	Container: High Density Polyethylene - HDPE virgin material
additives	colour, UV stabilizer
features	Tracking & Tracing – date clock – production yy mm water drainage except CF2 model
testing	
material/	EPS Europe B.V., Rijswijk, The Netherlands
product design	incl. mass, dimensions, stacking height, environmental stress cracking, quick compression test, weather resistance and recycling
cleaning process	International accredited laboratories
pallet wrappings	Close winding transparent Pallet stretch film LLDPE & top sheet LDPE, slip sheet/slip foil (optional) & barcode label
regulations	Euro Pool System® complies in all terms with:
food contact approval/	Regulation (EC) No 10/2011 on plastic materials and articles intended to come into contact with food, and its amendments up to and including (EC) No 2023/1627
traceability	Directive 91/493/EC , concerning health conditions for production and placing on the market of fishery products. Regulation (EC) No 1935/2004 of the European Parliament and of the Council, on materials and articles intended to come into contact with food.
